ANSMANN In-Car Charger 496

Intelligent USB in-car 9.6A charger with 4 USB ports with extension to the rear seats for smartphones and tablets as well as other USB applications

Features

- USB in-car 9.6A charger for up to four USB applications
- With intelligent charging control, which automatically detects and uses the highest possible charge current for your end devices
- Suitable for numerous smartphones and tablets as well as other USB applications
- Integrated, practical extension to the rear seats with two further USB ports (2x front, 2x rear). Cable length: 1.80m
- Ideal for longer car journeys – the cigarette lighter plug delivers enough energy for up to four USB applications. The integrated second charger unit is equipped with an extension for the rear seats. This can be ideally clipped onto the pockets behind the driver's or passenger's seats, providing the rear seats with a reliable energy supply.
- Input: 12-24V DC
- Output: 5V DC / max. 9.6A (4x max. 2400mA)
- 3 years guarantee

Article number: 1000-0017
Product content: In-Car Charger 496
Customs tariff number: 85044090900
Packing Unit: 4 (179 × 94 × 214 mm)

Specifications

Output voltage	5V DC
Input voltage	12 - 24V DC
USB-Ports	4
Port	USB
Output	5V DC / 9600 mA (4× max. 2400 mA)
Maximum power	48 W
Color	black
Packaging	cardboard box
Operating temperature	0 - 25 °C
Storage temperature	-25 - 70 °C
