YEARS WARRANTY

ANSMANN HS20R Pro

- Professional mobile spotlight made from robust ABS plastic with integrated LED technology with very high lighting power - protection rating IP20
- Extremely bright with 3 LEDs (CREE LED) and a power of max. 20W.
- Permanently installed li-ion rechargeable battery (3.7V / 10,400mAh)
- Seamless dimming (incl. soft-start function), warning light function and separate selection of the light sources, which have been specially developed for close-range, medium-range and long-range.
- 1700lm, ca. 500m and 7h illumination time with simultaneous illumination of all three LEDs with 100% lighting power! Depending on the LED selection, illumination times of over 100 hours can be achieved.
- The flashing warning mode can run for 200 to almost 500 hours – depending on the LED selected.
- The extra powerful mounting magnet fastens the lamp to any metallic object.
- Can also be used as an emergency light by activating the mains failure function.
- Including charge cradle with wall bracket for simple mounting as well as orange filter disc for use as a warning light

INFORMATION

Product name	HS20R Pro
Part No.	1600-0223
EAN-Code	4013674139866
Customs tariff number	8513100000
Product content	Lamp, charge station, wall plugs and screws, USB cable, coloured filter disc, operating instructions

Product	215,5 × 81,5 × 105 mm / 990 g
Packing + Product	136 × 100 × 250 mm / 1190 g
Packing Unit	6 (428 × 220 × 280 mm)
